

## Scoring the Survey

Scoring is done on the following scale: +4 +2 0 -2 -4

For the following questions, SA = +4, A = +2, N = 0, D = -2, SD = -4

3, 6, 7, 8, 9, 10, 11, 14, 15, 17, 18, 20, 21, 24, 28, 29, 35, 37, 38, 39

For the following questions, SA = -4, A = -2, N = 0, D = +2, SD = +4

1, 2, 4, 5, 12, 13, 16, 19, 22, 23, 25, 26, 27, 30, 31, 32, 33, 34, 36, 40

A score of +160 would indicate extreme conservatism and a score of -160 would be extreme liberalism. Score can thus be grouped on a bell curve around a midline of 0.

Questions can also be broken down into topic categories, i.e.
